BIG ADVENTURE, TINY FOOTPRINT

Trekking Green is about living and traveling with the intention of being as sustainable as possible. We feature travel destinations, people, and fashion products imbued with the ethics of sustainability and green living throughout the world.

Rates: Prices and Packages can be customized for your needs. Examples: Merchandise Review/ Sponsored Post, Banner Advertising, On Location Reviews, Instagram Takeovers, or Giveaways. If I review a product, it's one that I think will be useful and helpful to the TrekkingGreen audience. I always give my honest opinion (and I turn down the majority of offers).
